Programs & Projects

Unrestricted (Area of Greatest Need)\$1,703,374

Northern Michigan Regional Hospital strives to have the best facilities, equipment, staff and programs. Unrestricted donations allow the Hospital to quickly respond to areas of greatest need to continue offering patients superior healthcare.

Equipment\$1,113,842

With escalating costs of healthcare and evermore-rapidly evolving technology, the Hospital needs help to continue treating patients with the best available technology.

In 2010, the Foundation is fundraising for the following equipment:

- Fetal Monitoring Link \$286,548
- EKG Muse System \$395,264
- Patient Monitors for Ambulatory, Endoscopy and Recovery Room \$432,030

John and Marnie Demmer Wellness Pavilion and Dialysis Center.....\$1,812,381

This 2008 fundraising priority has been extended into 2010. The new medical facility will centralize, expand, and improve delivery of outpatient services including physical, pediatric, cardiovascular and pulmonary rehab, speech and occupational therapies and renal dialysis.

Programs and Projects\$567,903

Each year, the Foundation raises funds to support a wide range of programs and projects that assist patients with disease detection, treatment, rehabilitation, and education.

Funding possibilities are endless, as is the gratitude of patients whom we serve.

- Adult and Pediatric Patient Assistance \$25,000
- Breast Health Assistance \$20,000
